- Cinema is a place where movies are projected with a movie projector onto a large projection screen, sounds and music are played through a number of wall-mounted speakers.
- Cinema with multiple screens commonly is called a "multi-plex" (10-19) or "mega-plex" (20+).
- Cinemas are very popular among adults and teenagers.
- Tickets usually cost about 200 crowns.

- At the beginning and end of each performance a curtain rises and falls.
- Our best-known theatre is the National Theatre in Prague. Tickets are expensive there and must be bought well in advance. In Prague, there are also many other theatres (Na Fidlovačce, Palace etc.).
